

Reopening Guidance during Community Spread of COVID-19

PHASED REOPENING: PERSONAL APPEARANCE BUSINESSES

A phased approach enables businesses to reopen while protecting the health and safety of employees, patrons, and the general public.

Personal Appearance Businesses

These businesses include, but are not limited to:

Hair & Nail Salons • Massage Therapy • Spas • Tattoo & Piercing Establishments

Recommended Criteria for Phased Reopening

Phase One		
Epidemiology	<ul style="list-style-type: none"> • Decreased test positivity rate for at least 14 days • Sustained reduction in number of cases for at least 14 days • Decrease in deaths for at least 14 days 	
Health Care	<ul style="list-style-type: none"> • Sufficient PPE for all health care workers even if cases double • Sufficient face masks available to provide to patients seeking care, even if cases double • More discharges than admissions for COVID-19 within a 7 day period 	
Public Health	<ul style="list-style-type: none"> • All cases interviewed for contact elicitation • Contacts elicited for at least 90% of cases • Capacity to monitor all confirmed cases and their contacts • Capacity* to test all people who are symptomatic 	* Testing capacity is influenced by a loosening of testing criteria, availability of nasal swabs to obtain sample, and the availability of PPE.
<div>  <p>Move to Phase Three if the criteria above is met, a reduction in cases for an additional 14 days is observed, and a vaccine is available.</p> </div>		
Phase Two		Phase Three
Epidemiology	Sustained reduction in cases for an additional 14 days	 <p>All previous criteria is met and vaccine is available</p>
Health Care	Same as Phase One	
Public Health	Same as Phase One
